

TRANSPORT & MOBILITY SEMINAR

CSIR INTERNATIONAL CONVENTION CENTRE
24 JUNE 2015

 **BASF**
We create chemistry

Mobility is a human right, but for most urban-based Africans moving around our cities, as individuals or to deliver goods and services, has become an economic inhibitor! Poor urban planning and rapid urbanisation has resulted in massive pressure being placed on ailing infrastructure. How can we change our approach to how we move around our cities, to improve the speed, ease, and safety of transport and mobility?

MORNING SESSION:

Integrated Sustainable Urban Mobility – making the modal shift

Tea Break

Alternative propulsion/low carbon mobility, electric cars, bio fuels, fuel cell cars, hydrogen powered cars etc.

Lunch

AFTERNOON SESSION:

Sustainable approaches to Freight

Tea Break

Urban transport - Radical ideas

Each session is structured as a facilitated expert panel, with each speaker presenting for 20 minutes followed by a Q&A and panel discussion with input from the floor.

DELEGATE PRICES:

(PER SEMINAR)

DELEGATE-R1750

STUDENT-R750

(ALL PLUS VAT)

HOSTED BY:

**SUSTAINABILITY
WEEK**
GET READY TO PUT IDEAS IN MOTION

23-28 JUNE 2015

In 2015, SustainabilityWeek will through its innovative construction truly reflect the interconnectedness of the issues – the cause and effect of actions, and the need to balance interests in a bid to achieve the most appropriate approach in all cases. Sustainability is not a quick fix or a one-size-fits-all solution, it is about a process of reaching decisions, with due deference to the interests of all stakeholders, including those not in the room. For the first time delegates will be able to attend sessions of different seminars as these are segmented and offered in multiple programmes. The construction allows people from different sectors to encounter the opportunities and challenges from one another's perspectives, a primary step towards reaching consensus.
